Patient Portal Overview-Request Prescription Renewal
Request Prescription Renewal

• The medication list that you see on your prescription renewal page are your current medication as reviewed during your last office visit with your MedStar Physician. If your medication list is incorrect, please reach out to your provider by using the **Send a Message** tab. Please review the **Send a Message** patient portal overview for more information on how to send a message to your provider.

• You must have a relationship with a MedStar Physician before you can request a prescription renewal.

• You may request as many prescription renewals as you want by selecting medications requiring refills, then clicking **Renew Selected**.

• Please follow the directions on the upcoming slides to learn how to request a prescription renewal.
Click on Request Prescription Renewal on the left side of the screen in the yellow tabs.

Request Prescription Renewal

Below are your current medications as reviewed during your last office visit with a MedStar Physician. You may request renewals for as many as you need by selecting medications requiring refills on the left, then clicking the “Renew Selected” button at the bottom of the screen. If you do not have a MedStar Physician and would like to obtain one so that you may request medication renewals online in the future, please click on “Find a Doctor” at the top left of the screen.

You are about to renew prescriptions for CANDI ZZTEST.
